

Statement of Purpose

PCS makes every young person the centre of the care we provide.

About Us

PCS Services provides good quality, affordable accommodation for young people. We integrate this with life skills, careers, employment support and counselling. Our ambition is to see young people develop into full active participants in society.

The PCS senior management team has over 12 years' experience in the health and social care sector; we assist local authorities, charities and other organisations invested in the long term strategic development and positive framework for transition of young people between the ages of 16-30. We believe that services can be developed and delivered in a more efficient and effective way to provide programs and services that actually meet the long term needs of young people entering and exiting the care system.

We have assembled a professional, experienced and highly motivated team within PCS Services, who continually create environments for young people that foster positive self-development experiences, which will fuel their ambition, build personal self-belief, empower and mentor them on their path to finding their true purpose.

We forge strategic alliances and develop strong partnerships to achieve long term solutions for Looked after Children. Through the PCS Personal Development Programme, we support young people to make informed choices; thrive, transform, reducing the reliance of current and future families on Children Services.

Our Services

We have a range of services built around strengthening and developing the lives of Care Leavers and have an all- inclusive Approach to their development, including Care Leavers over the age 21 who are not in Education, Employment or Training.

We place our young people's needs and views at the heart of our decision-making process. We understand that collaboration with professional, public and, charitable services is key, and flexibility is critical, using these options to channel services directly to each young person's need.

We provide a Person Centred and varied Care Leaver Service:
